Email Address: info@nhpha.org

The New Hampshire Public Health Association (NHPHA) is pleased to announce that it has welcomed Tamera Carmichael, Executive Director for the Partnership for Public Health, to its Board of Directors for a three year term.

In her current role, Ms. Carmichael provides program oversight and management for all facets of the organization's operation including the procurement of resources, development of organizational policies and procedures, execution of programs, and the evaluation of strategies and processes.

Ms. Carmichael has over 25 years of leadership experience mainly in non-profit healthcare settings. Prior to joining the State of New Hampshire, Ms. Carmichael served at the Florida Department of Health (DOH) for more than twelve years as Program Development and Regional Contract Administrator in Alachua County Florida. In that role she administered grant programs, managed contracts, and encouraged and empowered teams to achieve individual and systems outcomes. She is also well versed in emergency preparedness, a requirement for DOH employees, and was tasked as a special needs shelter manager during deployment.

Ms. Carmichael looks forward to using her passion for public health and her knowledge, skills, and abilities to build upon the strong foundation of commitment and collaboration towards community health and empowerment that already exists in this region.

About NHPHA

NHPHA is a statewide membership organization composed of professionals and others who have an interest in public health. For over 25 years, it has brought together members who share a common goal of making sure that New Hampshire citizens live, learn, work, and play in safe and healthy environments. For more information, visit nhpha.org or call 603-228-2983.
